About Us

2018
Founded in Alexandria

1980s
Family legacy in trade

15 min
To Egypt's main ports

3 Offices
Egypt & USA

Founded in 2018 in Alexandria, Egypt's historic gateway to global commerce, Nomadd for Import, Export and Logistics Services has grown into a trusted international trading and logistics provider. With headquarters in Alexandria and a branch office in Jersey City, USA, Nomadd bridges Egyptian production and global markets through reliable, efficient and transparent trade solutions.

Nomadd was established on the solid foundations of a family legacy in trade and distribution that dates back to the 1980s. Decades of expertise in cement, steel, coal, construction materials and large-scale logistics gave Nomadd a unique advantage from day one, starting not as a newcomer, but as the evolution of an already well-established presence in Egypt's industrial and commercial landscape. This strong background allows us to move commerce forward with confidence, stability and trusted connections across both local and international markets.

From bulk raw commodities, natural stone and building materials to salt and ice-melt products, water-treatment salts, food products, LED lighting, vehicles and heavy equipment, we provide a wide spectrum of trading services supported by a fully integrated logistics network, from international freight forwarding and our company-owned fleet to USA agent consulting through our branch office in Jersey City, along with tailored sourcing and private-label solutions, from FOB to your door. We are licensed for import, export and customs clearance. Our warehouses are strategically located in one of Alexandria's industrial zones, just 15 minutes from Egypt's two main ports.

Message from the CEO

At Nomadd, we believe trade begins with trust. Since our start, we have focused on making importing, exporting and logistics simple and reliable for every client. With a PhD in International Arbitration, I bring a deep commitment to fairness and compliance, ensuring that every decision we make serves the best interests of our clients and partners.

Warm regards,

Osama Mekhemar

Chief Executive Officer

Our Story

For centuries, Alexandria has been the heart of Egyptian trade, linking the Mediterranean with markets worldwide. Nomadd was founded in 2018 to carry that tradition forward with a modern, integrated approach to global commerce.

Nomadd emerged as the natural continuation of a family business legacy that began in the 1980s, when our shareholders pioneered cement and steel distribution across Egypt. Over time, this foundation expanded into large-scale logistics, industrial services, real estate development, and government-licensed coal importation and supply, alongside official licenses for trading and transporting cement, steel and building materials. Our leadership is also recognized through positions in the Cement and Steel Distributors Division of Alexandria's Chamber of Commerce.

From that heritage, Nomadd inherited a culture of resilience, trusted partnerships and operational excellence, and transformed it into a forward-looking platform for global trade.

We began with bulk commodities such as clinker, cement and salt, then expanded into granite, marble, canned foods and beverages, and later into SPC flooring, MDF & HDF boards, water-treatment salts and LED lighting. With growing expertise, we also developed a strong presence in automotive imports, including cars, motorcycles and ATVs.

By combining product diversity with logistical excellence, Nomadd offers an unmatched ability to connect Egyptian supply with international demand. Our infrastructure, location and expertise ensure that clients receive solutions that are not only efficient but also reliable and long-lasting.

Today, Nomadd serves six sectors: construction and building materials, salt and de-icing, water treatment, food and beverage, LED lighting and electrical, and automotive and heavy equipment. As a licensed importer, exporter and customs clearance provider, we offer tailored sourcing and private label, delivering anything from the raw materials a production line needs to finished goods ready for wholesale and retail, with steady supply at wholesale prices. Through strong international connections, particularly in the United States, we also source products that are not readily available in the local market.

Mission, Vision & Core Values

Mission

To simplify global trade by providing efficient, transparent and cost-effective import, export, sourcing and logistics services that connect Egyptian products and commodities to international markets and deliver the world's products to our clients' doors.

Vision

To be recognized as one of the leading trade and logistics companies in the MENA region, trusted worldwide for excellence in connecting Egypt's resources with global consumer demand.

CORE VALUES

- **Customer-First Service**
- **Integrity in Every Transaction**
- **Transparency & Accountability**
- **Efficiency Across the Supply Chain**
- **Global Mindset with Local Expertise**
- **Excellence in Execution**

OUR PEOPLE

Management Team

OM

Osama Mekhemar

CHIEF EXECUTIVE OFFICER

An established industry leader and President of the Cement and Steel Distributors Division at the Alexandria Chamber of Commerce. Holds a PhD in International Arbitration. With decades of experience in commodities, bulk trade and distribution, he brings a wealth of market knowledge and strong institutional influence to Nomadd.

EA

El Adham Ali

CHIEF OPERATING OFFICER

An Egyptian American with extensive expertise in logistics, trade and imports across both the United States and Egypt. With years of hands-on experience in international supply chains, he ensures Nomadd's operations are seamlessly connected to global standards and adaptable to diverse product categories.

AE

Alia Elba

BUSINESS OPERATIONS MANAGER

An Egyptian American with strong experience in international trade and logistics, particularly in food exports. With deep knowledge of the Egyptian supply base and American markets, she ensures Nomadd's operations run efficiently and remain aligned with global client needs.

Nomadd Core Divisions

Four specialized divisions work together to manage every stage of global trade, from market access and compliance to export strategy and commercial affairs.

01

Global Trade & Market Access Division

02

International Trade & Compliance Division

03

Export Strategy & Trade Relations Division

04

Global Trade & Commercial Affairs Division

Tailored Solutions & Private Label

We offer tailored solutions built around our customers' needs. Whatever you need to source, we find it, secure it and deliver it.

01

Tailored Sourcing

From the raw material your production line needs to finished products ready for wholesale and retail.

02

Private Label

We source the product or raw material and deliver it to your door, under your own brand.

03

From FOB to Your Door

Flexible shipping terms, from FOB to full door-to-door delivery.

04

Wholesale Prices

Competitive wholesale pricing on every order.

05

Steady Supply

Reliable, consistent supply across different industries.

Product Portfolio

01 Construction & Building Materials

- Cement & clinker
- Granite & marble
- SPC flooring
- Raw MDF & HDF boards

02 Salt & De-icing

- De-icing salt, standard & dyed
- NaCl & $CaCl_2$ ice-melt blends
- Calcium chloride pellets
- Treated & enhanced salts

03 Water Treatment

- Water softener tablets & pellets
- Salt pellets, standard
- Salt pellets treated with citric acid & other additives

04 Food & Beverage

- Canned goods
- Snacks
- Beverages
- Edible food-grade salt

05 LED Lighting & Electrical

- LED streetlights & floodlights
- Canopy & high-bay lights
- LED panel lights
- Decorative LED poles

06 Automotive & Heavy Equipment

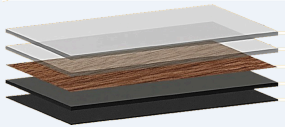

- Cars, motorcycles & ATVs
- Half-cut vehicles
- Automotive spare parts
- Tractor units (prime movers)
- Heavy & construction machinery

Featured Product Lines

Salt & Ice-Melt

- De-icing salt
- Ice-melt blends
- Softener pellets & tablets
- Food-grade salt
- Calcium chloride
- Bulk & bagged

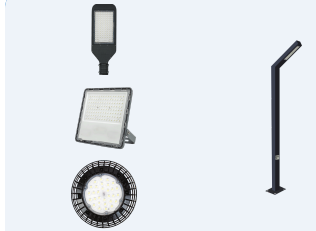

SPC Flooring

- 100% waterproof
- AC5 rated
- Click-lock installation
- UV-coated wear layer
- Fire-rated Bfl-s1
- Sound-insulated

MDF & HDF Boards

- Rice-straw fiber
- No added formaldehyde
- EN 622-5
- 3 – 40 mm
- Raw boards
- Decorative panels

LED Lighting

- IP65
- CRI >80
- 50,000-hour life
- Up to 140 lm/W
- 44 – 500 W
- 3 – 5 year guarantee

Product images and specifications per manufacturer data sheets.

Heavy Machinery
Construction equipment

Nomadd leverages strong international connections, particularly in the United States, and is not limited to these sectors. With a demand-driven approach, we source products that are not readily available in the local market, from specialized machinery and equipment to food and consumer goods, meeting the highest standards of quality, value and timely delivery.

Industries We Serve

Construction & Infrastructure

Cement, clinker, natural stone, SPC flooring and MDF & HDF boards

Municipal & Road Maintenance

De-icing salt, ice-melt blends and calcium chloride

Water Treatment

Water softener tablets and pellets, salt pellets

Food & Beverage

Canned goods, snacks, beverages and food-grade salt

Manufacturing & Industry

Raw materials and inputs for production lines

Automotive & Transport

Vehicles, half-cut vehicles, spare parts and tractor units

Energy, Lighting & Utilities

LED street, flood, high-bay and panel lighting

Wholesale & Retail

Finished and private-label goods ready for the shelf

Logistics Solutions

A fully integrated logistics network that streamlines cargo handling, reduces costs and delivers consistent speed and reliability.

01 International Freight Forwarding

Connecting Egyptian supply with international demand.

02 Warehousing & Consolidation

In Alexandria's industrial zone, 15 minutes from Egypt's two main ports.

03 End-to-End Supply Chain Management

From sourcing to delivery, from FOB to your door.

04 USA Agent Consulting

Through our branch office in Jersey City, USA.

05 Customs Clearance & Compliance

Licensed and compliant at every step.

06 Trucking & Inland Transportation

Company-owned fleet.

Key Advantages

01 Strategic location in Alexandria, a historic hub for global trade

02 Integrated logistics services that minimize handling and reduce costs

03 Strong leadership with unmatched industry expertise and a global perspective

04 Warehouses in the industrial zone, surrounded by factories and inland depots

05 Warehouses just 15 minutes from Alexandria's main ports, with direct highway access

06 Established on decades of proven family experience in large-scale distribution, logistics and trade

07 Licensed for import, export and customs clearance

08 Tailored sourcing and private label, from FOB to your door

09 A trusted network of partnerships with government authorities, ministries, private companies and traders

Privileges & Licenses

01 Import & Export License

Licensed importer and exporter, authorized to trade goods into and out of Egypt.

02 Customs Clearance License

Licensed to carry out customs clearance for shipments through Egyptian ports.

03 Coal Import License

Licensed to import, store and distribute coal across Egypt's industrial sectors.

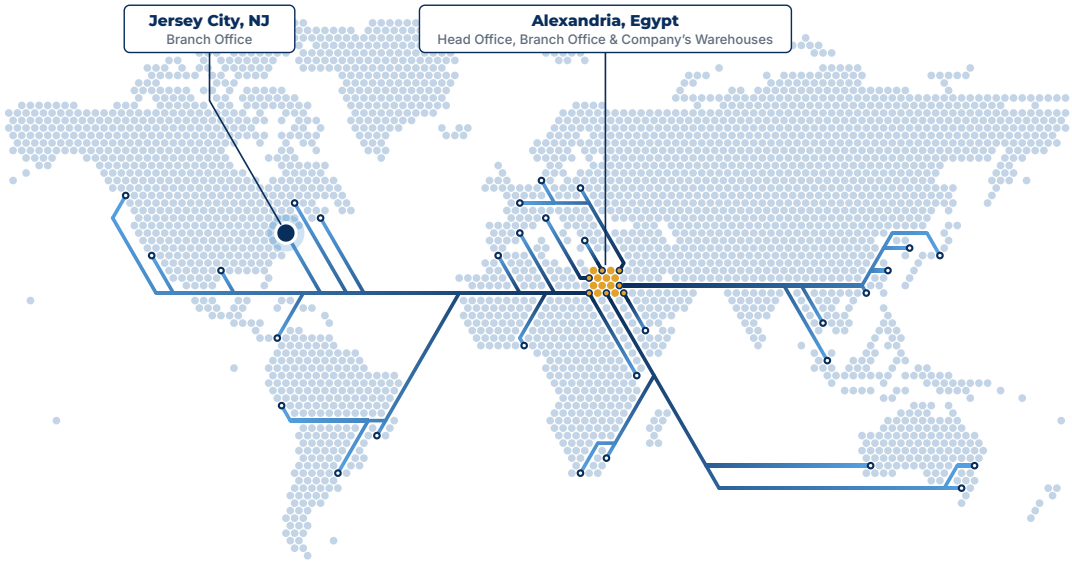

04 Building Materials Licenses

Official licenses for trading and transporting cement, steel and building materials.

05 Chamber of Commerce Leadership

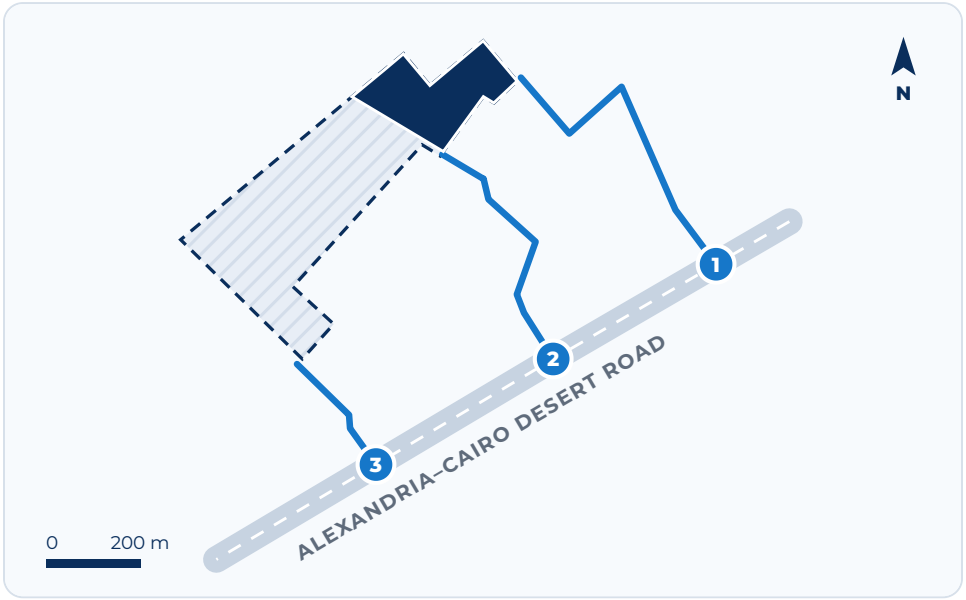

Recognized through leadership positions in the Cement and Steel Distributors Division.

Our Global Reach

- Exports to North America, Europe, Asia, MENA and the rest of Africa
- Licensed for import, export and customs clearance
- Offices in Alexandria, Egypt and Jersey City, USA
- Company-owned warehouses of roughly 19,000 m²
- Company-owned land around the warehouses, with roughly 160,000 m² of open space

Our Warehouses

Merghem Industrial Zone, Alexandria

Three access points lead straight onto the Alexandria–Cairo Desert Road.

≈ 19,000 m²
Warehouses

≈ 160,000 m²
Open land

3 access points
From the desert road

≈ 15 min
To both ports

Achievements & Milestones

01 Active member of the Alexandria Chamber of Commerce.

02 Expanded exports to multiple regions, including North America, Europe, Asia, MENA and the rest of Africa.

03 A diversified portfolio across six sectors, from building materials, salt and LED lighting to food products, vehicles and heavy equipment.

04 Licensed for import, export and customs clearance.

05 Integrated logistics capacity with a company-owned trucking fleet and warehousing in Alexandria's industrial zone.

06 A stronger international presence with a branch office in Jersey City, USA, bridging Egyptian supply with American and global demand.

07 Strong partnerships with government authorities, ministries, private enterprises and distributors, reinforcing our position as a trusted partner.

Strategic Plans & Expansion

Geographic Growth	Expanding into new North American, African and European markets, strengthening our global footprint and opening new opportunities for Egyptian products abroad.
Automotive Innovation	Growing our automotive division with a strong focus on electric vehicles and sustainable mobility solutions.
Digital Transformation	Investing in advanced supply chain technologies, including real-time shipment tracking and digital platforms, to give clients transparency and efficiency at every stage.
Global Standards	Pursuing ISO and other internationally recognized certifications to ensure competitiveness, compliance and world-class service delivery.
Partnership Development	Expanding collaborations with government entities, private enterprises and global distributors to enhance market access and strengthen Nomadd's trusted position worldwide.
